Women in Leadership in a Multicultural World
Building Bridges, Breaking Barriers V

NORTHERN NEW ENGLAND, BOSTON and AMATOLA PRESBYTERIES

2011 Seminar Application Form

Sunday, July 31 to Thursday, August 4

This seminar is a unique growth experience coming near the beginning of a 3-week visit to our Presbyteries by 6 South African women. It will bring together women of the Northern New England, Boston and Amatola Presbyteries from the Sunday evening meal through Thursday lunch (4 days) at the Rolling Ridge Center, North Andover, Massachusetts. Both before and after the seminar, the Amatola women will be guests in our churches, learning firsthand what it is like to serve in our Presbyteries while also sharing their ministry and personal interests with our congregations. The seminar program is multicultural (but conducted in English).

The objectives of the seminar are:

- Share Bible Study
- Study with Victoria Curtiss, noted pastor and mission advocate
- Learn to be effective women leaders in a multicultural world & Presbytery
- Worship in a diverse community
- Develop new friendships and professional ties across cultural lines

Registration is open to all women of the Northern New England and Boston Presbyteries. We ask Sessions to approve seminar participation and affirm this opportunity to grow in vision and the witness of the Church. An orientation workshop is tentatively set for Thursday, June 9 in Bedford, NH for seminar, church and home hosting participants.

The Ubunye South Africa Partnership Committee of PNNE is organizing this program with the vision that the experience will strengthen us through the Spirit and lead us to experience the "newness of life" when people of diversity come together. **The Partnership Committee hopes to include representation from Immigrant churches and fellowships within the bounds of the Presbyteries.**
